Let's Explore Winter

Through games, crafts and stories, with a combination of indoor and outdoor activities, we'll explore the North River Wildlife Sanctuary in search of the special secrets of winter.

Register for one, two, or all three days!

Tuesday, February 21
Tracking Winter's Footsteps

Wednesday, February 22
Make A Winter Scrapbook

Friday, February 24
Snowflake Science

For Children Ages 7-11

\$45/\$40 Mass Audubon Member per day
9 a.m. – 3 p.m.

Tuesday, February 21
Winter Wildlife Detectives

With special survival skills many animals still abound during the winter. Investigate how New England wildlife has adapted to the snow and freezing conditions. We'll spend time indoors and out, searching for clues, tracks, and other evidence of life in the cold.

Wednesday, February 22
Winter Beach Party

On this van trip we will visit local beaches in search of seals, shorebirds and shell-dwelling organisms. In the afternoon, we'll celebrate our discoveries by whipping up a frozen treat (ice cream!) and making a beachcomber's pie!

(Participants will be transported in a Mass Audubon van.)

Thursday, February 23
Winter Play Day

Join us for a fun-filled day of winter play. Using elements from nature, we'll play snow golf, go on a snow scavenger hunt, design a winter sun catcher, make snow globes, and more.

A sense of adventure is required!
